Company Data

Nancy Shugart is a professional speaker, trainer, award-winning author, recognized community volunteer, CEO of Prove them Wrong, and celebrated businesswoman as the recipient of the Blazing Star Award presented by the Women’s Chamber of Commerce of Texas.

Prior to beginning her career, she was a master educator with more than two decades of teaching experience with the Austin Independent school District. She has received five gubernatorial appointments, is a recent graduate of Leadership Texas, and serves as an officer of South Austin Lions Club.

After going blind at the young age of eight, she was not expected to amount to much due to her blindness. She chose to prove them wrong, which later became the name of her award-winning company.

Today Nancy stands before her audiences as living proof that we can all do more than most believe to be possible.

Speaking and training topics include:
Keynote, Diversity & Inclusion, Personal & Professional Development, Disability Employment
